Assessment comments

Example 2: HLP2

Subject: Economics

Component: HL paper 2

Question 2 Part	Marks awarded	Marks available	Comments
(a)(i)	0	2	The response uses human development indicators, not sustainable development goals.
(a)(ii)	2	2	The response provides a good definition.
(b)(i)	3	3	The response provides a good diagram.
(b)(ii)	0	2	The formula used is incorrect, leading to the wrong result.
(c)	3	4	The diagram is generic (one mark), but the explanation is sufficient (two marks).
(d)	4	4	Both the diagram and explanation are good (two plus two marks)
(e)	1	4	One mark is awarded for the diagram (due to labelling issues) and the poor explanation.
(f)	2	4	Zero marks are awarded for the diagram (welfare losses are not identified, and labels are missing), but two marks are allotted for the sufficient explanations.
(g)	5	15	Given that four of the five criteria have been met in the four-to-six markband, using the best-fit approach, the mark awarded here is five.
